PREAMBLE

2 This agreement entered by and between the City of Lauderdale, hereinafter referred to
3 collectively as the Employer, and the Metro Broward Professional Fire Fighters, Local
4 3080, International Association of Fire Fighters, hereinafter referred to as "Union".

WITNESSETH

8 WHEREAS, this agreement reduces to writing the understandings of the Employer and
9 the Union to comply with the requirements contained in Chapter 447, Florida Statutes,
10 as amended; and

12 WHEREAS, this agreement is entered into to promote a harmonious relationship
13 between the Union and the Employer and to encourage more effective employee
14 service in the public interest; and,

16 WHEREAS, the Union understands that the Employer is engaged in furnishing
17 essential public service which affects health, safety and welfare of the general public
18 and the Union recognizes the need to provide continuous and reliable service to the
19 public.

1

ARTICLE 1

2

NON-DISCRIMINATION

3 There shall be no discrimination against any worker namely by reason of race, national
4 origin, religion, color, sex, residence, disability, or Union membership or non-
5 membership. The City and the Union affirm their joint opposition to any discriminatory
6 practices in connection with employment, promotion, or training; remembering that the
7 public interest is the full utilization of employees' skill and ability without regard to
8 consideration of race, color, creed, national origin, sex, religion, age or disability.

9

ARTICLE 2

UNION RECOGNITION

3 In accordance with the Public Employee Relations Commission Certification Numbers
4 840 and 844, the Employer recognizes the Union as the exclusive bargaining agent to
5 represent all Fire Fighters, Inspector/Fire Fighters, Drivers, Lieutenants, Captains and
6 Battalion Chiefs employed by the City of Lauderhill, for the purpose of Collective
7 Bargaining with respect to wages, hours, terms and conditions of employment.

8

9 Union members shall be permitted to wear small union pins on their uniform shirts.

ARTICLE 3 DUES CHECK-OFF

3 The Employer agrees to deduct once each pay period the Union Dues of said
4 employees who individually and voluntarily certify in writing on the prescribed Dues
5 Permit form (Appendix D), that they authorize such deductions. No authorization shall
6 be allowed for payment of initiation fee, assessment of fines. The amount of dues to be
7 deducted shall be certified to the City in writing by the Union President or Treasurer. It
8 shall be the Union's responsibility to notify its members of any dues changes. Any
9 change in the amount of the Union Dues would be effective in a time reasonable to
10 allow the Employer to make the necessary technical and administrative payroll changes
11 and program adjustments.

13 It is understood and agreed that the Employer will furnish this service to the Union
14 without charge. The City shall remit once each month monies collected to the
15 Treasurer of the Union, by the 15th of the month. The employer's remittance will be
16 deemed correct if the Union does not give written notice to the Employer within thirty
17 days of remittance receipt of its belief with reasons stated therefore, that the remittance
18 is incorrect.

19
20 If there is an amount deducted in excess of what is authorized by this agreement, the
21 employee affected shall seek recourse with the Union and not the Employer. No
22 deduction shall be made from the pay of the employee for any payroll period in which
23 the employee's net earnings for that payroll period, after other deductions, are less than
24 the amount of dues to be checked off.

26 The Union will indemnify, defend, and hold the City harmless against any claims made
27 and against any suit instituted against the City on account of check-off of Union dues.
28 Any employee may withdraw his/her membership in notice to the City and Union upon
29 written request and thirty (30) days notice to the City and Union.

1

ARTICLE 4

PROHIBITION OF STRIKES

3 Union Activity: The Union agrees that it will not under any circumstances or for any
4 reason, including alleged or actual breach of this agreement by or sympathy for or
5 support of other employees or Union, call, encourage, authorize, ratify or engage in any
6 strike, slowdown, boycott, non-informational picketing, or other interruption of work.
7 However, the employees shall have the right to engage in concerted activities not
8 prohibited by law for the purpose of collective bargaining or other mutual aid or
9 protection.

10 Employee Activity: Each and every employee in the Bargaining Unit covered by this
11 agreement agrees that he/she will not under any circumstance or for any reason
12 including alleged or actual breach of this agreement by the City or in sympathy for or
13 support of other employees or Union engage in a strike, slowdown, boycott, non-
14 informational picketing, or other interruption of work. It is agreed that any violation of
15 this section shall be grounds for immediate discharge and such discharge shall not be
16 reviewable under the grievance procedure except to determine if violation, in fact
17 occurred.

18 Right of Discipline: The City has the right to discipline or discharge an employee who
19 instigates, participates in or gives leadership to any strike, work stoppage, boycott, non-
20 informational picketing, or slowdown or any curtailment of work or restriction of service
21 or interference with the City.

22 Union Response: The union agrees that in any event of any strike, work stoppage,
23 non-informational picketing, or interference with the operation of the City, a responsible
24 Official of the Union shall promptly and publicly disavow such strike and work stoppage
25 and order the employees engaged in such activity to return to work.

ARTICLE 5 MANAGEMENT RIGHTS

3 It is the right of the City to determine unilaterally the purpose of its fire department, set
4 standards of services to be offered to the public, and exercise control and discretion
5 over its organization and operations. It is also the right of the City to direct its
6 employees, take disciplinary action for proper cause, and relieve its employees from
7 duty because of lack of work or for other legitimate reasons. The exercise of such
8 rights shall not preclude employees or their representatives from raising grievances,
9 should decisions on the above matters have the practical consequence of violating the
10 terms and conditions of this agreement or any civil service regulation.
11
12 All inherent or common law management rights and functions which the City has not
13 expressly modified or restricted by a special provision of this agreement are retained
14 and vested exclusively in the City.

1

ARTICLE 6

2

UNION STEWARDS AND REPRESENTATIVES

3 The Union agrees that there shall be no solicitation for membership in the Union,
4 signing up for members, collecting of any fees, dues or assessments or meetings on
5 City time, except that each new bargaining unit member will be given an opportunity to
6 meet with a Union Representative during the City's orientation period for that employee.

7

8 A complete list of Union Representatives shall be furnished to the Employer and any
9 changes of these shall be promptly reported in writing to the City before the
10 representative can accomplish any duties.

11

12 It is understood and agreed that an employee functioning as a Union Representative
13 has productive work to perform and will not leave his/her job during work hours, except
14 after properly requesting and receiving proper authorization from the department head
15 or his/her designee and only after stating what Union duties are to be performed. If, in
16 the opinion of the City, the above mentioned person is taking unreasonable time to
17 conduct such business, the City shall have the right to require the Union Representative
18 to return immediately to productive City work. It is understood that officers of the Union
19 will be permitted no more than one hour per month to call other stations for Union
20 business.

21

22 The adjustment of or investigation of grievances will not be conducted on City time by
23 Union Representatives without prior approval of the Chief.

24

25 Rules and Regulations: Union Representatives are subject to all City Public Employer
26 Rules and Regulations pertaining to the conduct of the City Employees of the
27 Employer. If the Union feels that a problem exists with any proposed Rules and
28 Regulations, the Manager agrees to review said Rules and Regulations for legality and
29 appropriateness.

30

31 Two members of the Bargaining Unit will be allowed time off with pay to attend any
32 meetings mutually set by the Employer and the Union, subject to emergency call.

33

34 The Union President shall be mailed a copy of all City Commission meeting agendas
35 and supplements prior to the meeting which shall be mailed at the same time that these
36 documents are sent to the others on the City Clerk's mailing list.

37

ARTICLE 7 SENIORITY

City Wide Seniority is defined as an employee's length of employment with the City. Such seniority shall be acquired by full time employees after completion of a probationary period at which time seniority shall be retroactive to the first day of employment. The City wide seniority shall apply to accrual of all benefits.

Departmental Seniority: Departmental seniority is defined as the length of employment within the employees current department. Departmental seniority shall accrue as of the first day of employment or transfer into a new department. If, after ratification of this Agreement, two (2) or more employees are hired on the same date, their respective seniority will be determined by the date and time on which their respective applications for employment with the City were submitted (i.e., the applicant who submitted his/her application first will have greater seniority). For employees hired prior to ratification of this Agreement, the past practice of determining seniority for employees hired on the same date (i.e., social security numbers) shall continue.

Classification Seniority: Classification seniority is defined as the length of employment within a particular Civil Service classification. For purposes of this Agreement the applicable civil service classifications shall be fire fighters, drivers, lieutenants, captains and battalion chiefs.

Classification seniority for Drivers appointed prior to October 1st, 1990 shall be determined using the following criteria:

A. Classification seniority shall be determined by the year in which the Driver's test was given.

B. In the event more than one test was given in the same year, with at least six months separation, it shall be considered two separate exams, with the earlier appointees having classification seniority.

C. Departmental seniority shall be used in the event of a tie in classification seniority.

Classification seniority for Drivers appointed after 10/01/90 shall be determined by the actual appointment date.

Seniority shall accumulate during absences because of illness, injury, vacation or other authorized leave.

Seniority shall be broken when an employee:

- A. Terminates voluntarily
- B. Is discharged for cause

- 1
- 2 The City shall post a seniority list in each station showing all three types of seniority
- 3 during October of each year. Objections must be filed with the Chief within one month
- 4 of posting.
- 5
- 6 The Fire Chief shall publish a bid list each June 1st to take effect the following October
- 7 1st, and be in effect for one year. Bidding will be based on classification seniority and
- 8 the rank required for the position. The bid list shall apply to the member's normally
- 9 assigned shift only, and may be varied from on occasions requiring training for the
- 10 members, emergencies, etc.

ARTICLE 8

GRIEVANCE PROCEDURE

In mutual effort to provide harmonious working relations between the parties to this Agreement, it is agreed to and understood by both parties that there shall be a procedure for the resolution of grievances between the parties arising from any alleged violations of the specific terms of this Agreement.

Grievances shall be processed in accordance with the following procedure:

Step 1. The grievant shall present in writing his/her grievance to his/her Shift Commander through the chain of command within five (5) working days of the occurrence of the action or knowledge of the occurrence giving rise to the grievance. The grievant or the supervisor may request that a Union Steward or Local Union Representative be present. Discussion will be informal for the purpose of settling differences in the simplest and most direct manner. The immediate supervisor shall reach a decision and communicate, in writing, to the grievant within five (5) working days from the date the grievance was presented to him/her.

19 **Step 2.** If the grievance is not settled at the first step, the grievant within three
20 (3) working days of the answer in the first step shall present it to the department head
21 or his/her designee. The department head or his/her designee shall within five (5)
22 working days of receipt of the written grievance conduct a meeting with the grievant and
23 his/her representative, if needed. The grievant may be accompanied at this meeting by
24 a Local Union Representative. The department head or designee shall notify the
25 aggrieved employee of his/her decision not later than five (5) working days following the
26 meeting date.
27

28 Step 3. If the grievant does not settle his/her grievance in the second step, the
29 grievant within three (3) working days shall present the written grievance to the
30 Manager or designee. The Manager or designee shall investigate the alleged grievance
31 and shall within five (5) working days following receipt of the written grievance conduct
32 a meeting with aggrieved employee and/or his/her representatives. The Manager or
33 designee shall notify the employee in writing of the decision not later than five (5)
34 working days following the meeting date.
35

Step 4. If a grievance, as defined in this article, has not been satisfactorily resolved within the grievance procedure, the grievant may request arbitration or a civil service hearing in writing to the Office of the Manager no later than five (5) working days after the Manager's response is due in Step 3 of the Grievance Procedure. The parties to this Agreement will mutually agree or attempt to agree on an independent arbitrator within five (5) working days from the date that grievance was rejected at the Fourth Step. If this cannot be agreed upon, the parties may request an impartial neutral from the American Arbitration Association. Notwithstanding the above, the party which filed the grievance must request an arbitrator no later than sixty (60) days after

1 requesting arbitration. Otherwise, it will be presumed that the grievance is permanently
2 withdrawn.

3

4 Nothing in this part shall be construed to prevent any public employee from presenting,
5 at any time, his/her own grievance, in person or by legal counsel, to his/her Employer
6 and having such grievances adjusted without the intervention of the Bargaining Agent, if
7 the adjustment is not inconsistent with the terms of the Collective Bargaining
8 Agreement then in effect, and if the bargaining agent has been given reasonable
9 opportunity to be present at any meeting called for the resolution of such grievance.

10

11 The arbitration shall be conducted under the rules set forth in this Agreement, subject to
12 subsequent provisions contained herein. The arbitrator shall have the jurisdiction and
13 authority to decide a grievance as defined in this Article, and to enforce compliance with
14 the term and conditions of this Agreement.

15

16 The Arbitrator shall have no authority to change, amend, add to, subtract from, or otherwise
17 alter or supplement this Agreement or any part thereof, or any amendment
18 thereto. The Arbitrator shall have no authority to consider or rule upon any matter
19 which is not a grievance as defined in this Agreement. The Arbitrator may not issue
20 declaratory or advisory opinions and shall confine himself/herself exclusively to the
21 question which is present to him/her which question must be actual and existing.

22

23 Copies of the award of the arbitrator, made in accordance with the jurisdictional
24 authority under this Agreement, shall be furnished to both parties within twenty (20)
25 working days of the hearing and shall be final and binding upon both parties. It is
26 contemplated that the City and the employee shall mutually agree in writing, as to a
27 statement of the matter to be arbitrated prior to a hearing and if this is done, the
28 arbitrator shall confine his/her decision to the particular matter thus specified. In the
29 event of the failure of the parties to so agree on a statement of issue to be submitted,
30 the arbitrator shall confine his/her consideration to those written statements presented
31 during the grievance procedure. Each party shall bear the expense of its own
32 witnesses and its own representatives. The parties shall bear equally the expense of
33 the arbitrator. Any party requesting a copy of the transcript of such arbitration hearing
34 shall bear the cost of same.

35

36 The times indicated on all steps may be extended by mutual agreement.

37

38 When a grievance is reduced to writing there shall be set forth therein:

39

40 1. A complete statement of the grievance and facts upon which it is based.

41

42 2. The section or section of this Agreement that are alleged to have been
43 violated; and

44

45 3. The remedy or corrective action requested.

- 1
- 2 A grievance not advanced to the higher step within the time limit provided shall be
- 3 deemed permanently withdrawn as having been settled on the basis of the decision
- 4 most recently given. Failure on the part of the City to answer within the time limit set
- 5 forth in any step will entitle the employee to proceed to the next step.
- 6
- 7 The Union may file a class grievance on behalf of all bargaining unit employees. The
- 8 Union shall have the right to assist and represent the employee in the grievance
- 9 procedure if so requested by the employee.
- 10
- 11 Working days for the purpose of this grievance procedure shall be 24-hour shifts
- 12 according to the grievant's schedule.

ARTICLE 9 DISCIPLINE

3 A non-probationary employee shall not be disciplined except for just cause. A written
4 statement indicating charges and reasons for such action shall be presented to him/her
5 first.

7 Employees shall receive copies of all documents filed in their personnel file.
8 Employees will be given the opportunity to acknowledge any disciplinary notice before
9 such notice is placed in his/her file by initialing any such notice and shall have the right
10 to submit one (1) written rebuttal to any such disciplinary notices within ten (10) days of
11 the date on which the disciplinary notice is placed in his/her file. Employees shall have
12 the right to Union representation at all meetings concerning discipline or discharge. At
13 the employee's request, vacation time may be used in lieu of suspension.

15 Disciplinary action taken will be fair and uniform with other such action taken by the
16 Department under the same circumstances with consideration also being given to the
17 employee's past employment record.

ARTICLE 10 BULLETIN BOARDS

The Union shall be authorized partial use of the suitable bulletin boards, at locations designated by the Employer. The Union may at its own expense, provide a bulletin board at standard size for its own exclusive use in keeping with the decor of the working location.

The Union agrees that it shall only use space on bulletin boards described above for the following purposes:

1. Notice of Union meeting
2. Union elections
3. Reports of Union Committees
4. Recreation and Social Affairs of the Union

All Union materials placed on all bulletin boards shall be signed by the Union Officer or his/her designee and copies of any materials to be posted shall be forwarded to the department head and personnel director.

20 The posting of any materials, notice of announcement, which violates the provisions of
21 this section shall entitle the Employer to cancel the provisions of this section and the
22 use of the aforesaid bulletin boards.

24 All costs incidental to preparation and posting of Union material shall be at the expense
25 of the Union. The Union is responsible for posting and removing approved material
26 from bulletin boards in orderly fashion.

ARTICLE 11

JURY DUTY AND WITNESS PAY

3 Employees shall be granted time off without loss to straight time pay for reporting for
4 jury duty upon presentation to their supervisor of satisfactory evidence relating to jury
5 duty. Fees paid by the court shall be turned over to the City excluding meals, parking
6 and transportation costs. Upon receipt of a check from the court, an Employee shall
7 endorse the check to the City and deliver the check to the City's Finance Department.
8

9 Employees who have been subpoenaed to testify at a deposition, trial, administrative
10 hearing or arbitration hearing related to their duties as a City employee, shall if on duty,
11 be released from duty with pay to testify.
12

13 Employees who have been subpoenaed and report to testify at a deposition trial,
14 administrative hearing or arbitration hearing related to their duties as a City employee,
15 shall if off duty, be paid a minimum of 2 hours at the rate of 1 ½ times his/her regular
16 hourly base rate of pay.
17

18 Employees who are called and placed on standby to testify at a deposition, trial,
19 administrative hearing or arbitration hearing related to their duties as a City employee,
20 and then are not required to appear, shall, if off duty, be paid one hour at the rate of 1
21 ½ times his/her regular hourly base rate of pay. If an employee testifies, then he/she
22 shall be paid a minimum of 2 hours at the rate of 1 ½ times his/her regular hourly base
23 rate of pay.

ARTICLE 12 PROMOTION

The parties agree to follow the current or amended Civil Service Regulations on promotions.

No employee shall be required to take a promotional examination for any position if the employee does not wish to do so.

9 Notice of an upcoming examination shall be posted at least sixty (60) days prior to the
10 date of the examination, unless an emergency is determined by the Manager. Results
11 of the Civil Service Driver's Test shall be posted at least 60 days prior to the date the
12 lieutenant's test is given. Examination shall not be given on the weekends or holidays.
13 Eligibility requirements shall be determined as of the examination date and shall be
14 posted along with the notice of the examination. The notice shall state the materials
15 which were used to compose the examination and those materials and books shall be
16 placed by the City in the main City Fire Station. The City shall make available, upon
17 request, the name of the supplier of the test reference materials. In order to be eligible
18 to take the lieutenant test, a candidate must have five years of service and have passed
19 the driver's test.

Examination results shall be made available as soon as possible after the examination.

Prior to a lieutenant's test being given, a driver's test will be given, provided that three or more employees are eligible to take the driver's test who were not eligible when the previous driver's test was given.

ARTICLE 13

3 In the event of a layoff for any reason, employees shall be laid off according to
4 departmental seniority.
5
6 In the event the City determines that the number of employees must be reduced for any
7 reason, such reduction in employees shall be based on objective, reasonable and non
8 discriminatory standards which shall not be arbitrary or capricious; shall not deprive
9 employees of other rights conferred by this Agreement or the Laws of Florida or the
10 United States; and will be capable of uniform application. Layoffs shall follow all steps
11 as defined in the current or amended Civil Service Rules and Regulations. Past
12 performance shall only be considered in layoff decisions in the event of a tie in
13 seniority.
14
15 Severance pay for layoffs shall be one (1) week's pay after one (1) year of service and
16 two (2) weeks' pay for two (2) or more years of service.
17
18 Employees shall receive 30 days notice prior to a layoff.

ARTICLE 14 SHIFT EXCHANGE

3 An employee may exchange shift(s) with other employees upon approval of the
4 department head or designee. If an employee is on approved leave the shift prior to the
5 shift exchange, and has not received shift exchange approval, he/she shall call to
6 confirm shift exchange before 48 hours. If an exchange is denied, the affected
7 employee may request the reason for denial and shall receive said reason from the
8 Chief or designee within five (5) days of the request. Exchanges may be denied for just
9 cause, for disciplinary purposes or if the department head or designee deems
10 departmental operations may be hampered.
11
12 Shift exchange shall not result in acting out of classification pay. Overtime shall not be
13 paid for shift exchange.

ARTICLE 15

TIME POOL

3 Each employee may contribute up to one shift of vacation, or holiday time at the
4 employee's option, to the Union time pool. The employee also has the option to
5 convert sick time to Union time pool at the current sell back rate specified in Article 18
6 "Sick Leave," lines 34-42, of this Agreement. These contributions will be accounted for
7 at the employee's base hourly rate at the time of contribution. The Union President will
8 notify the Department Head at least 24 hours in writing in advance of the date time will
9 be taken. In emergencies, notification time may be waived with the approval of the
10 Battalion Chief. The method used to recall will be identical to overtime recall. The
11 Time Pool shall be charged at the hourly rate of the employee using the time pool;
12 however, in the event that the use of the time pool creates the need to bring in a
13 substitute at overtime rates, the Time Pool shall be charged the overtime rate of the
14 employee(s) brought in as a substitute.

ARTICLE 16
WORKING OUT OF CLASSIFICATION

Bargaining unit members who are assigned to perform the duties of a higher classification not included in the City's pay plan shall receive a 7.5% increase added to their base salary for time actually worked in the higher classification.

Employees are only eligible to work out of classification in a higher classification or in an acting position if they have passed the current Civil Service test for that classification.

10
11 If employees eligible to work out of classification are not on duty, employees of the rank
12 to be filled shall be called in on overtime.
13

ARTICLE 17

CALL BACK PAY

3 All employees covered by the terms of this Agreement who are called back to work from
4 off duty (excluding the extension of a shift) shall receive a minimum of three (3) hours
5 pay, at the straight time rate.

ARTICLE 18

SICK LEAVE

Sick leave with pay shall be granted to regular employees at the rate of .0769 hours for each hour of the 48-hour work week.

Employees must notify the Fire Chief or designee no later than one (1) hour before the beginning of their scheduled work of the reason for their absence.

Sick leave shall be charged only when an employee is absent due to injury or illness on the employee's regular workday. In the event that unexpected circumstances arise that are not related to an employee's own illness or the illness of an employee's immediate family member that necessitates that the employee miss work, that employee may, up to two (2) times per year, take his/her shift off and work his/her next regularly scheduled Kelly day; provided, however, that this may not occur in consecutive Kelly periods. Accrued sick leave cannot be reduced for absences on pre-arranged overtime workdays, unscheduled call-in overtime workdays, or any other absences.

If, and whenever, use of such leave appears to be abused, or where an employee consistently uses sick leave as it is earned, the employee may be required to furnish competent proof of the necessity for such absence. The Employer reserves the right to investigate all absences of employee and require employee to furnish a medical certificate. The Employer also reserves the right to require a sick employee to remain at home while off sick except when seeing a physician or performing any other necessary task approved first by the Department Head or designee.

Employees may be permitted to use up to four (4) shifts of sick leave to attend the funeral of a family member not covered under Article 22 of this Agreement (i.e., aunt, niece, nephew, cousin) at the sole discretion of the Fire Chief or his designee.

Abuse of sick leave, or false claim of illness, injury or exposure to contagious diseases, or falsification of proof to justify sick leave shall constitute grounds for disciplinary action and denial of sick leave pay.

There will be sick leave liquidation compensation based on the following conversion:

0 - 20 shifts - 25%
 21 - 60 shifts - 30%
 61 shifts + - 50%

For purposes of compensation under this section, one shift shall be equal to twenty-four (24) hours. Employees must keep a minimum of 40 shifts of sick time while employed and can sell back all shifts of sick time upon separation from the City.

1 An employee not utilizing sick leave during any 6 month period shall be awarded a 12
2 hour floating holiday which may be used during the forthcoming year or added to the
3 employee's vacation.

4

5 Notwithstanding the foregoing, sick pay will be granted to Battalion Chiefs at the rate of
6 12 shifts per year, accrued biweekly. Battalion Chiefs having more than 15 shifts of
7 accrued sick leave may liquidate shifts in excess of 15 based upon the following
8 schedule:

9

10 15.5 – 30.0 shifts at 50%
11 30.5 shifts and above at 75%

12

13 While employed by the City, Battalion Chiefs may not sell back more than 7.5 shifts per
14 anniversary year.

15

16 In the event of an employee's death, the City agrees to issue a check to the employee's
17 beneficiary, within ten (10) business days of the employee's death, for any accrued
18 sick, vacation, holiday and other accrued time that the employee would have been
19 entitled to be paid out for and at the rate of pay that the payout would have been
20 provided to the employee had he/she separated employment with the City.

21

22 An employee becoming pregnant after the completion of the initial probationary period
23 shall be entitled to the same rights as any non-probationary employee who has a
24 temporary condition that limits his/her ability to perform his/her essential job functions.

25

26 The City agrees to allow employees to donate sick time to another employee. An
27 employee may receive up to twenty (20) shifts of donated sick time in a two (2) year
28 period, provided that such employee first exhaust his/her paid sick leave. The Fire
29 Chief may, at his sole discretion, allow an employee who has already used twenty (20)
30 shifts of donated sick leave in a two (2) year period to receive additional donated sick
31 time in sixteen (16) shift increments. The Chief's decision in this regard is final and
32 may not be grieved. An employee who has used twenty (20) or more shifts of donated
33 sick leave will not be eligible to use donated sick leave again until two (2) years from the
34 date of the employee's most recent usage of donated sick leave, unless the Fire Chief,
35 at his sole discretion, allows an employee to use additional donated sick leave during
36 that time. To donate hours, the donor must maintain a minimum of one hundred (100)
37 hours of sick leave. Hours will be donated at the employee's regular rate and will be
38 converted to the recipient's regular rate.

ARTICLE 19 HOLIDAYS

All employees including probationary employees shall enjoy the following twelve (12) holidays per year (at 12 hours per holiday):

New Year's Day
Martin Luther King, Jr. Day
Washington's Birthday
Columbus Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

During the first year of this CBA (i.e., FY 2009-2010), each employee will receive twelve (12) hours pay at straight time for ten (10) earned holidays which shall be paid at the time the holiday occurs. The remaining two holidays (total of 24 hours) shall be taken as paid time off in conjunction with vacation leave. An employee may elect, at his/her discretion and upon approval of the Chief to take an additional twenty-four (24) hours (two holidays) as compensated time in lieu of payment for two of the ten (10) paid holidays.

Beginning in the second year of this CBA (i.e., FY 2010-2011), each employee will receive twelve (12) hours pay at straight time for twelve (12) earned holidays which shall be paid at the time the holiday occurs. An employee may elect, at his/her discretion and upon approval of the Chief to take twenty-four (24) hours (two holidays) as compensated time in lieu of payment for two of the twelve (12) paid holidays.

35 All compensated time in lieu of payment for holidays shall be taken in conjunction with
36 vacation leave earned during the same period.

38 The employee must work the scheduled shift before and after the holiday or be on
39 approved paid leave, such vacation leave, compensatory time, floating holiday, or Kelly
40 Day, to earn holiday pay. Holiday pay shall be paid to employees that are on sick leave
41 before, on, or after a holiday if no overtime was needed as a result of sick leave, or if
42 the employee actually works the Holiday.

ARTICLE 20

VACATION

Vacation shall accrue at the following rate:

- Upon the first anniversary of employment - 5 shifts
- Upon the fifth anniversary & thereafter - 6 shifts
- Upon the tenth anniversary & thereafter - 7 shifts
- Upon the 15th anniversary and thereafter - 8 shifts
- Upon the 20th anniversary and thereafter - 9 shifts

Departmental seniority shall be used to select vacations in rotation. During each round each employee shall select from available vacation dates with a 24-hour minimum per round. If more than one day is picked during a round, those days must be consecutive. The Department Head may deny a vacation request if it results in scheduled overtime or it interferes with the department's operations.

Vacation shall be chosen covering the period from October 1 to September 30. An employee may pick any vacation dates available if such vacation time has accrued as of the date of picking or will accrue within 18 months of the date of picking. If an employee leaves the City and owes the City time because he or she has taken vacation time not accrued, the City will take the equivalent from his or her final paycheck, or check for accumulated sick time.

Beginning in 2010, employees, except Battalion Chiefs, may liquidate vacation time, in twenty-four (24) hour blocks only, at the rate of 75% of their regular hourly rate to a maximum of half of their earned vacation time (in the event that an employee has an odd number of vacation days remaining, he/she may sell back slightly more than half of their earned time such that he/she will have an even number of earned days remaining). To liquidate vacation, employees must notify their shift commanders by April 1 of each year; employees will be paid out for such vacation in October of that year. If an employee leaves the City and owes the City time because he or she has liquidated vacation time not accrued, the City will take the equivalent from his or her final paycheck, or check for accumulated sick time.

Battalion Chiefs shall accrue vacation as follows:

Upon the first anniversary & thereafter	7.5 shifts
Upon the fifth anniversary & thereafter	8 shifts
Upon the tenth anniversary & thereafter	11 shifts

and use 5 shifts per year. A maximum of 22.5 shifts may be banked. 3 shifts of vacation per calendar year may be liquidated at 75% of hourly rate.

ARTICLE 21 EDUCATION

Pursuant to the procedure established in Paragraph C, the City shall reimburse an employee:

A. The state college tuition rates for courses directly related to an employee's position with the City as follows:

Grade A: 100% reimbursement
Grade B: 100% reimbursement
Grade C: 75% reimbursement
Less than C 0% reimbursement

B. Fifty percent (50%) of state college tuition rates for courses not directly related to an employee's position with the City, but which are within a degree program directly related to an employee's position with the City.

C. Requests for educational assistance shall be submitted along with all supporting documentation prior to enrollment and shall be subject to the prior approval of the Manager or his/her designee.

D. Reimbursement as outlined above shall be made, provided the course has been successfully completed.

E. In the event any Employee shall take advantage of the benefits provided in this Article then the Employee shall become obligated to remain in the employ of the City for a minimum of twelve (12) months following the conclusion date of any course for which the City has made payment hereunder. In the event any Employee shall voluntarily terminate his/her employment with the City prior to twelve (12) months following the conclusion date of any course for which the City has made payment hereunder, then said employee shall repay to the City all tuition reimbursed to him/her for that course, within the previous year.

F. Books, Registration, and other incidental costs (smocks, name badges, etc.) for courses described in Paragraphs A and B shall be borne by the employee.

G. Any special schooling seminars, or classes required or approved by the City, will be paid in full by the City.

H. Any employee who has been denied educational assistance pursuant to this article shall be given a written explanation for such denial within 3 shifts of such determination.

1 I. In April of each year, employees shall submit requests for courses to be
2 taken during the following fiscal year and reimbursed pursuant to this Article. If such
3 requests are granted by the City and money is placed in the City budget for such
4 courses, an employee not enrolling in the budgeted course, must submit a written
5 explanation to the City as to why the course was not taken.
6

7 J. Appendix A to this contract contains a list of courses agreed to by the
8 parties as qualifying for reimbursement pursuant to Paragraph A of this Article and a list
9 of degree programs which qualify for reimbursement pursuant to Paragraph B of this
10 Article. The City and the Union agree that college curriculums change from time to time
11 and the City agrees to review such college curriculum changes to determine eligibility
12 for reimbursement under this Article. It is understood that Appendix A is only to be
13 used as a guideline and shall not restrict employees rights to request reimbursement for
14 courses pursuant to paragraphs A and B which are not listed on Appendix A.
15

16 K. Funds for education to be reimbursed pursuant to this Article 21 shall be
17 budgeted separately from funds to be used for employee seminars. Individual requests
18 by employees for attending such seminars will be reviewed by the department in
19 accordance with past practice.
20

21 L. The parties hereby agree that the past practice of allowing employees to
22 attend approved college courses or classes during on-duty hours is discontinued.
23 Employees wishing to attend approved college courses or classes during on-duty hours
24 may do so with the approval of the Fire Chief or his designee. Such approval may be
25 granted if the granting of such approval will not reduce staffing below minimum levels
26 established by the department on the Staffing Logic Chart ("Minimum Staffing"). If
27 initial approval is denied because staffing would fall below Minimum Staffing, an
28 employee may, at the discretion of the Chief or his designee, still be permitted to attend
29 class (1) with an approved shift exchange and (2) if their stand-in is physically present
30 at the assignment location. In such cases, advance notice pursuant to Article 14 may
31 be waived by the Department.
32

33 M. Subject to the provisions of this Article, employees shall only be
34 reimbursed for a maximum of fifteen (15) credits hours for either on-line or
35 correspondence courses or a combination of both per degree, unless such courses are
36 taken at any school listed in Appendix A, in which case there shall be no cap; provided,
37 however, that reimbursement shall be at the Florida state public university rate.
38 However, there are certain classes which the City will not reimburse for if taken on-line,
39 which include tactics, mega-code training and other Fire Officer classes that the Fire
40 Chief in his sole discretion believes require classroom attendance. Employees who
41 have taken on-line and/or correspondence courses before October 1, 2006, will not
42 have these credits counted toward the fifteen (15) credit hour reimbursement limit per
43 degree.

ARTICLE 22

FUNERAL LEAVE

3 The City agrees that when a death occurs in the immediate family of an employee or
4 his/her spouse, that employee will be granted up to 4 shifts off to attend a funeral
5 without loss of pay or benefits.

7 The immediate family as cited above shall be defined as father, mother, spouse,
8 children, brother, sister, grandparents, and grandchildren. An employee may use leave
9 under this Article for the death of his/her stepparent, stepchild and/or stepsibling at the
10 sole discretion of the Fire Chief or his designee.

1

ARTICLE 23

TRAINING LIBRARY

3 The City agrees to maintain a Fire Science reference library at the main fire station for
4 all employees.

ARTICLE 24
UNIFORMS - LIFE SUPPORT EQUIPMENT

3 All uniforms (with the exception of shoes, socks, and underclothes) and all protective
4 clothing, required in Departmental Rules and Regulations and the Departmental Policy
5 Manual, required of the employees to wear in the performance of their duties shall be
6 furnished by the Employer without cost to the Employee.
7

8 Employees shall be responsible for maintaining clean and neat uniforms. The
9 employee shall be responsible for replacement of all lost items. The Employer shall be
10 responsible for replacement due to normal wear and tear, on-the-job damage and theft
11 from employer's premises and vehicles, providing the employee was not negligent and
12 acted in accordance with department policy.

14 All life support equipment shall be maintained by the Employer, to insure the highest
15 level of safety standard possible.

1

ARTICLE 25

2

SAFETY AND HEALTH

3 The parties agree that they will conform to and comply with all applicable laws as to
4 safety and health and cooperate in providing a safe work place. The Union and the City
5 agree to use NFPA 1500 as a guide and agree to discuss future changes which are
6 made to the NFPA 1500 standards.

C
31

ARTICLE 26

LEAVE OF ABSENCE

3 Leave of absence with or without pay may be granted for any reasonable purpose to an
4 employee by the department head with approval of the City Manager or designee.
5 Such leave may be renewed or extended for any reasonable purpose. An employee
6 who is a member of the National Guard or military reserve force of the United States
7 shall be granted leave of absence with pay in accordance with Florida Statutes 115.07.
8
9 An employee who is on a duly authorized paid leave of absence shall continue all
10 benefits as provided in this Agreement.

ARTICLE 32 LONGEVITY

3 Bargaining unit members with ten (10) to fourteen (14) years of service shall receive
4 two percent (2%) longevity pay paid in a lump sum. Bargaining unit members with
5 fifteen (15) to nineteen (19) years of service shall receive three percent (3%) longevity
6 pay paid in a lump sum. Bargaining unit members with twenty (20) or more years of
7 service shall receive four percent (4%) longevity pay paid in a lump sum

9 Bargaining unit members who meet the length of service criteria set forth in this Article
10 are entitled to longevity pay. Longevity pay shall be calculated according to base pay,
11 and shall be disbursed during the month of November to all eligible employees who
12 have not separated from employment with the City prior to that payment date.

14 For those eligible employees who separate from employment with the City prior to the
15 November payment date, longevity pay shall be disbursed along with their final pay and
16 will be calculated on a prorated basis according to base pay earned during the period
17 between the employee's anniversary date and the employee's date of separation.

ARTICLE 33

OVERTIME

All time worked over the schedule hours of duty in a pay period shall be considered as overtime. Overtime will be paid to eligible bargaining unit members, including Battalion Chiefs, at the rate of time and one half of their hourly base rate. The current rotation list/seniority method of selecting people for overtime work will be continued with the following exceptions: employees will not move to the bottom of the list unless they work more than eight (8) hours of overtime. An employee called in from home after twenty hundred hours (2000 hrs) has the choice to rotate or maintain their position on the rotation list. The Chief or designee may, however, revert to those on the list who live within 30 minutes of the City if deemed necessary.

The City agrees to continue to work with the Union and fill overtime positions for details in advance. The City also agrees to advise the Union of upcoming details as they become aware of them. A separate list will be created for individuals interested in being included on a detail list. The list will be updated twice yearly during the months of October and April. This is the only time employees will have the ability to add or remove themselves from the list, except for new hires, who may be added to the bottom of the list three months after their date of hire.

Before working overtime, employees must have worked prior scheduled shift unless deemed necessary by the Department Head.

Employees completing a working alarm or detail while working overtime shall be afforded a reasonable amount of paid time, not to exceed 30 minutes, to wash up, shower and change out of work clothes, if said working conditions warrant such.

An employee who works forty-eight (48) hours on shift is required to have a minimum of twelve (12) hours off before being recalled for duty unless the Chief, in his sole discretion, determines otherwise.

ARTICLE 34

DRIVERS

Fire department "Combat Vehicles" shall only be driven to emergency scenes by employees who are drivers.

In order to be promoted to a driver, a candidate must have three years of service in the department and have passed the current Civil Service Driver's Test. Drivers who took a departmental driver's test and were appointed to the position of driver prior to June 1, 1990 shall be considered promoted to Civil Service Driver as of October 1, 1990.

For the purpose of this Article, "Combat Vehicles" shall mean fire engines and ladder trucks.

Cl
31

ARTICLE 35

3 Should any final decision of any Court of competent jurisdiction or administrative
4 agency or any legislation affect any practice or provision of this Agreement, only the
5 practices or provisions so affected shall become null and void, otherwise all other
6 provisions or practices under this Agreement shall remain in full force and effect.

ARTICLE 36

PROBATIONARY PERIOD

3 Probation for the purpose of evaluation and wages shall be 105 shifts actually worked
4 on the employees' normally assigned shift from the day of hire. Probation for sick time
5 will be cumulative from the first day of employment and the employee may use these
6 days after his first six months of employment. Vacation days will be accumulated from
7 the date of employment, however, the probationary employee may not use vacation
8 time until he/she has completed his/her probationary period. A probationary employee
9 may be discharged for any reason during his/her probationary period.

6

ARTICLE 37

PERSONAL LIABILITY PROTECTION

3 The City of Lauderhill agrees to purchase and maintain continuous coverage of
4 insurance up to the limits of its personal liability protection for each employee covered
5 by this Agreement for personal liability arising out of any act or omission of act in the
6 course of employment unless the employee acted in bad faith, with malice or with
7 wanton and willful disregard of human rights, safety and property.

ARTICLE 38

PENSION AND RETIREMENT

The City of Lauderhill Firefighters' Pension Trust Fund Board ("Board") will consist of two representatives designated by the bargaining unit, one member appointed by the Board, and two members appointed by the City Commission.

Except as provided herein, the City will maintain the existing pension ordinance provisions regarding benefits and contributions to the Firefighters Pension Fund (the "Plan") for the duration of the Agreement.

Within ninety (90) days following ratification of this Agreement, the City agrees to revise the Plan to make it a Two Tier Plan as set forth below. All other benefits other benefits, rights and privileges will remain the same, except for certain minimum benefit improvements which must still be made.

TIER ONE

Employees hired on or before September 30, 2009 shall be part of Tier One of the Plan. Tier One shall consist of all the benefits and contributions offered by the Plan as of September 30, 2009, which includes, but is not limited to, the following:

A. Effective October 1, 2003, Tier One members of the retirement system shall be eligible to receive a retirement benefit equal to four percent (4.00%) of average final compensation multiplied by the number of years of creditable service. The three percent (3.00%) multiplier shall apply for all years of credited service prior to October 1, 2003. This provision shall only apply to Tier One members who are actively employed as firefighters as of October 1, 2003. This provision shall not apply to any person who is a separated vested member, or who is in receipt of retirement benefits.

B. Effective October 1, 1998, normal retirement for Tier One members shall occur on the earlier of the completion of twenty (20) years of credited service, or the attainment of age fifty-five (55) with ten (10) years of credited service. In the case of a Tier One member who has left the service of the City with more than ten (10) years of service, but less than twenty (20) years of service, normal retirement shall be upon the attainment of age fifty-five (55).

C. Effective October 1, 1997, the Tier One member contribution rate shall be 13.72 percent (13.72%) of pay.

40 D. Effective October 1, 1999, and based upon procedures and methods adopted by
41 the Board, as determined to be proper by the fund's actuaries, benefits for Tier One
42 members currently payable under this article shall be increased from time to time. The
43 funds required for the financing of any benefits under this provision shall be derived
44 solely from the investment return of fund assets, both realized and unrealized, as

1 allocable to Tier One members and Tier One beneficiaries receiving benefits under the
2 article, and only in such amount as exceeds the investment return assumed for
3 purposes of the actuarial valuation of the fund and the total experience gain under the
4 plan as compared to the actuarial assumptions. The benefit increase granted in any
5 one calendar year shall in no event exceed three percent of the amount being paid
6 immediately prior thereto. Further, any increase granted under this provision shall be
7 expressed as a percentage of a Tier One retiree's current benefit, and such percentage
8 shall be uniform as respects all Tier One retirees in any given year, except that retirees
9 whose payments start during a fiscal year shall receive a pro rata increase reflecting the
10 number of payments received divided by twelve. The increase shall be calculated for
11 each year ending September 30, and shall be payable beginning the following October
12 1. The implementation of this paragraph "D" shall be subject to prior receipt by the City
13 of notification from the state that no pre-funding of this benefit shall be required.
14

15 If the City is notified by the State that pre-funding is required, this article shall be re-
16 opened for further discussion and negotiations.
17

18 E. The retirement benefit for Tier One members shall be based on the average of
19 annual earnings for the highest consecutive three (3) years of the ten (10) full years
20 immediately preceding the member's actual retirement or termination date.
21

22 F. Deferred Retirement Option Plan ("DROP") – shall be established and
23 administered by the Board for Tier One members. A Tier One member may enter the
24 DROP as set forth herein.
25

26 1. Eligibility.
27

28 A Tier One member may enter into the DROP on the first day of the month following the
29 member's completion of twenty (20) years of credited service or upon earning an eighty
30 percent (80%) pension benefit. DROP participation shall be for a maximum of five (5)
31 years. The number of months an employee may participate in the DROP shall be
32 reduced by one month for each month of eligibility following the completion of twenty
33 (20) years of credited service or following the member's reaching an eighty percent
34 (80%) pension benefit during which the employee does not participate in the DROP.
35

36 2. Written Election.
37

38 A Tier One member electing to participate in the DROP must complete and execute the
39 proper forms, which shall be supplied by the Trust Fund, and must resign his/her
40 employment with the City. These forms must be submitted to the Pension Board no
41 later than ninety (90) days after the member becomes eligible to enter the DROP.
42

43 3. Limitation/Disqualification for Other Benefits.
44

1 A Tier One member may participate in the DROP only once. After commencement of
2 participation in the DROP, the Tier One member shall no longer earn or accrue
3 additional vesting credits toward retirement benefits and shall not be eligible for
4 disability or pre-retirement death benefits in the City of Lauderhill Firefighters Trust
5 Fund.

6

7 4. Cessation of Contributions.

8

9 Upon the effective date of a Tier One member's commencement of participation in the
10 DROP, the Tier One member's contributions to the City of Lauderhill Firefighters
11 Retirement Trust Fund shall be discontinued.

12

13 5. Benefit Calculation.

14

15 For all City of Lauderhill Firefighters Retirement Trust Fund purposes, the service and
16 vesting credits of a Tier One member participating in the DROP shall remain as they
17 existed on the effective date of commencement of participation in the DROP. The Tier
18 One member shall not earn or be credited with any additional vesting credits after
19 beginning DROP participation. Service and earnings thereafter shall not be recognized
20 by the City of Lauderhill Firefighters Retirement Trust Fund or used for the calculation
21 or determination of any benefits payable by such Trust Fund.

22

23 The average final compensation of the Tier One member shall remain as it existed on
24 the effective date of commencement of participation in the DROP. When the Tier One
25 member actually terminates employment with the City, payment for accrued unused
26 leave (vacation, holiday, etc.) shall be made. Tier One members must elect their
27 permanent optional form of benefit at the time of applying for the DROP.

28

29 6. Payments to DROP Account.

30

31 The monthly retirement benefits, including any future cost of living increases, that would
32 have been payable had the Tier One member elected to cease employment and
33 receive a normal retirement benefit shall be deposited in the Tier One member's DROP
34 account.

35

36 7. DROP Account Earnings.

37

38 After each fiscal year quarter, the Tier One member's deferred retirement option
39 account shall be credited at a rate of interest equal to the actual rate of return achieved
40 by the Trust Fund net of investment and other direct administrative expenses.
41 However, Tier One members will have the option to deposit DROP account earnings in
42 a fixed investment account to be determined by the pension board.

43

44 8. Maximum Participation.

1 A Tier One member may participate in the DROP for a maximum of sixty (60) months.
2 At the conclusion of the sixty (60) months, the Tier One member shall terminate his/her
3 employment with the City. The Tier One member may terminate DROP participation by
4 advancing their resignation from City employment to a date prior to that submitted by
5 the Tier One member as part of the DROP application.
6

7 9. Expenses.
8

9 There shall be an administrative fee directly charged for the administration and
10 operation of each Tier One member's DROP account equal to the expense of
11 administering that Tier One member's account.
12

13 10. Payout.
14

15 a) Upon the termination of a Tier One DROP member's City employment (for any
16 reason, whether by resignation, discharge or death), the retirement benefits payable to
17 him/her or to his/her beneficiary (if the member is entitled to an optional form of
18 retirement benefit which provides for payments to the beneficiary) shall be paid to the
19 member, the member's beneficiary or the member's estate and shall no longer be
20 deposited into the participant's DROP account.
21

22 b) Within thirty (30) days after the end of any calendar quarter following the
23 termination of a Tier One member's employment, the balance in the Tier One member's
24 DROP account shall be payable at the Tier One member's option:
25

26 (i) In full in a single lump sum payment, all accrued DROP benefits, plus interest,
27 less withholding taxes remitted to the Internal Revenue Service (IRS), paid to the Tier
28 One member or surviving beneficiary, or;
29

30 (ii) As a direct rollover into any qualified plan that accepts rollovers, as defined in
31 Section 402(c)(8)(B), Internal Revenue Code (IRC). If benefit is to be paid to a
32 designated beneficiary, the transfer shall be to an individual retirement account or
33 annuity as described in Section 402 (c)(9), IRC.
34

35 Regardless of the option selected by the Tier One member, the Board of Trustees has
36 the right to accelerate payments in order to comply with Section 401(A)(9) of the
37 Internal Revenue Code and the right to withhold payments to comply with Section 415
38 of the Internal Revenue Code.
39

40 11. Death.
41

42 If a Tier One DROP member dies before the account balance is paid out in full, the Tier
43 One member's designated beneficiary shall have the same rights as the Tier One
44 member to elect and receive the pay-out options set forth in paragraph 10 above.
45 DROP payments to a beneficiary shall be in addition to any retirement benefits payable

1 to the designated beneficiary. Tier One members who are or have been DROP
2 participants are not eligible for pre-retirement death or disability benefits.
3

4 G. Effective October 1, 2000, all firefighter retirees (Tier One and Tier Two) and
5 firefighter designated beneficiaries receiving benefits on October 1, 2003 or thereafter
6 may be eligible for an annual supplemental benefit. Such supplemental benefit shall be
7 computed as follows:
8

9 Seventy-five percent (75%) of the City of Lauderhill Firefighters Retirement Trust Fund's
10 prior year's actuarial gain remaining after the application of annual cost of living
11 adjustments plus seventy-five percent (75%) of any increase in the percentage of
12 covered payroll received by the City pursuant to Section 175.121, Florida Statutes, over
13 the amount received by the City in 1997 shall be defined as the "available actuarial
14 gain."
15

16 The available actuarial gain for a fiscal year shall be calculated by the following June 1
17 and shall be paid to the City of Lauderhill or to the individual firefighter retiree or
18 firefighter survivor to be utilized per capita to subsidize up to one year's payments for
19 retiree health insurance due from each firefighter retiree and firefighter survivor who
20 receives benefits from the Trust Fund, which payments shall be equal to the premium
21 cost for such insurance as provided by the City of Lauderhill. The subsidy shall be paid
22 in accordance with the recommendation of the pension board, provided that there is no
23 additional cost to the City.
24

25 Should the available actuarial gain not be fully expended by this supplemental benefit,
26 then the balance, together with any unexpended available actuarial gain from prior
27 years, shall be accrued by the Trust Fund in a "Future Benefit Reserve Account." Such
28 account shall be used only to pay the full cost of additional future benefits to the Trust
29 Fund's retirees and designated beneficiaries. Determination and payment of such
30 future benefits are hereby delegated by the City to the Board of Trustees in its sole
31 discretion.
32

33 Premium costs shall be determined in accordance with Section 112.0801, Florida
34 Statutes.
35

36 Participants in the DROP shall not receive credit for such supplemental benefit.
37

38 H. Each retiree, including retirees who retired prior to October 1, 2006, shall have
39 their monthly retirement benefits increased by a sum equal to 1.5% per year (the
40 "COLA"), to be paid monthly. For those persons who retired prior to or on October 1,
41 2003, the first COLA payment will be due on October 1, 2006, and each successive
42 COLA increase shall be paid on each October 1 thereafter. For all other retirees, the
43 first COLA payment will be due on the third anniversary of the retiree's retirement, and
44 each successive COLA increase shall be paid on each successive anniversary of date
45

1 of the retiree's retirement. Such COLA shall be paid to each designated beneficiary
2 following the retiree's death, with increases as set forth above.
3

4 I. Effective October 1, 2006, the City agrees to establish and participate in a post-
5 employment retiree Health Savings Plan ("Plan") as a benefit for the bargaining unit
6 members. This Plan will allow employees to voluntarily place funds in a health
7 insurance retirement account. For all employees who participate, the City shall match
8 the employee's contribution into the Plan up to one percent (1%) of his/her base salary
9 per fiscal year. Base salary for the purposes of this Section is defined as the
10 employee's salary with no additional adjustments (i.e. no overtime, longevity, or any
11 other salary adjustments). Employees shall be responsible for any and all
12 administrative fees associated with the set up and maintenance of the Plan. The
13 employees shall follow all rules and regulations set by the Plan administrator. The Plan
14 administrator shall be chosen by the City and the City may change the Plan
15 administrator at its sole discretion.
16

17 TIER TWO
18

19 Employees hired on or after October 1, 2009 shall be part of Tier Two of the Plan. Tier
20 Two members shall have the same rights, privileges and responsibilities in connection
21 with their Pension Plan as Tier One members, except as follows:
22

23 A. Tier Two members' contribution rate shall be 13.72 percent (13.72%) of pay.
24

25 B. The normal retirement date for Tier Two members shall be the date upon which
26 members attain 25 years of credited service or the date upon which members attain
27 age 55 with 10 years of credited service.
28

29 C. The normal retirement benefit for Tier Two members shall be calculated using a
30 3% multiplier for each year of credited service for a maximum normal retirement benefit
31 of 75% of final monthly compensation. Such members may increase their pension
32 multiplier to 3.5% provided that all costs associated with such an increase (or its
33 actuarially equivalent cost) are borne solely by the member as determined by the Plan
34 actuary. The cap of 75% of final monthly compensation is inapplicable for members
35 who purchase an enhanced multiplier; however, a member's total benefit shall not
36 under any circumstances exceed 100% of his/her average final compensation.
37

38 D. Tier Two members who retire shall have their monthly retirement increased by a
39 sum equal to the net return of the Plan per year (i.e., the gross return of the Plan less
40 the Plan's administrative costs) ("Tier Two COLA"), with a 1.5% cap and a 0% floor per
41 year. Before a Tier Two retiree is entitled to a Tier Two COLA, the Tier Two retiree
42 must have been retired for three years. Following the death of a Tier Two retiree, the
43 Tier Two COLA will be paid to each designated beneficiary.
44

1 E. Tier Two members may enter into the DROP on the first day of the month
2 following the member's completion of 25 years of credited service. A Tier Two member
3 may participate in the DROP for a maximum of 60 months. The number of months a
4 member may participate in the DROP shall be reduced by 1 month for each month of
5 eligibility following the completion of 25 years of credited service during which the
6 member does not participate in the DROP. On each October 1, January 1, April 1, and
7 July 1, the Tier Two member's DROP account shall be credited at a rate of interest
8 equal to the net return achieved by the Plan (i.e., the gross return of the Plan minus the
9 Plan's administrative costs). The DROP variable interest rate for Tier Two members
10 shall have a floor of 0% (i.e., DROP accounts cannot decrease). Tier Two members
11 shall not have the option of receiving a fixed amount in their DROP account.

ARTICLE 39
INTEGRITY OF FIRE DEPARTMENT

3 Should the City decide to contract out, transfer, merge or consolidate the services
4 presently performed by the Fire Department, all rights and benefits guaranteed under
5 this contract for bargaining personnel shall be continued for the term of this Agreement.
6

7 Should the City decide to contract out, transfer, merge or consolidate such services the
8 City shall notify the Union in writing at least 45 days before the City's decision becomes
9 final. Within 10 days from the receipt of the City's notice, the Union may seek to
10 bargain the impact of the City's decision to contract out, transfer, merge or consolidate
11 such services by making written demand upon the City. Should the Union demand
12 impact bargaining the parties shall, within 10 days from the City's receipt of the Union's
13 demand, commence good faith impact bargaining. For purpose of this Article, impact
14 bargaining shall include alternative to the City's proposed contracting out, transferring,
15 merging or consolidating of services.

ARTICLE 40

LIGHT DUTY

3 An employee injured on or off duty who has applied for disability payments or Worker's
4 Compensation Insurance, may be required to work light duty if medically permitted. An
5 employee who cannot fulfill the job requirements of his/her position due to a medical
6 impairment may request to be placed on light duty. The decision to grant an
7 employee's request for light duty is at the sole discretion of the Fire Chief and may not
8 be grieved.

SMOKING POLICY

3 It is a condition of employment for employees hired after 10/1/88, that a candidate hired
4 not use tobacco products on or off duty during his or her employment with the City Fire
5 Department.

ARTICLE 44

WELLNESS PROGRAM

It is mutually agreed that the following Wellness Program is designed to improve the overall health of the Firefighters and will not be used for comparison or evaluation.

The Wellness Program shall consist of educational seminars, physical exercise, physical ability tests, medical examinations and a joint effort between the City and the Union to improve the mental and physical health of the Firefighters. Participation in the Wellness Program shall be mandatory.

The goals of the Wellness Program are for improvement and all efforts shall be in this direction. Personnel are asked not to push themselves beyond their physical limits. All activities shall be on an individual level. The program shall outline areas to exercise, not the amount of exercise.

The educational classes and seminars will be organized by a sub-committee of the City's Safety Committee (Occupational Safety and Health Committee), and shall have as its members, representatives of the City and Union. The classes and seminars will be taught by qualified instructors and be designed to educate the employees in all areas of health, fitness, stress management, diet, non-smoking and other related areas and will be offered on-duty to each shift. Seminar time is considered training time. No overtime or extra pay will be permitted for attendance at these classes and seminars unless attendance is ordered by the Chief or his designee.

Physical exercise shall be conducted at the fire station for on duty personnel during daylight hours, unless conditions warrant another time period. No employee will be required to exercise for more than 45 minutes per day although employees will be permitted and encouraged to exercise for longer periods. On-duty exercise at other City facilities may be appropriate if approved first by the Manager. Exercises shall consist of those to increase strength, endurance and flexibility. The use of weight machines and exercise machines is required and such machines will be supplied by the City. All costs for equipment shall be borne by the City. Exercises shall be done in the manner and using the techniques as mutually agreed upon by the Union and the City.

Required Exercise

The following exercises are recommended:

1. Stretching and flexibility exercises
2. Walk, jog or run at least one mile or ride the exercise cycle or do any other agreed upon aerobic exercise
3. Weight training

1
2 4. Cool down/stretching
3

4 The employee will at some point during the workout reach 60% of his/her target heart
5 rate for at least 15 minutes during the course of that work out.

6 The City will maintain all equipment in proper and safe condition.

7 Accurate training records of the time, date and activity shall be kept by the employee's
8 supervisor to insure that the program is being conducted properly. All training records
9 will be inspected by the Wellness Committee twice yearly to insure uniform and correct
10 adherence to the intent and goals of the program.

11 All participants will be permitted to use the City's facilities such as the pools and gyms,
12 at no cost, on their off duty time.

13 A Wellness Program medical examination will be performed annually, on-duty by a
14 physician mutually agreed upon by the Union and City. Such medical examination will
15 include a drug test, which shall be administered in accordance with Article 47, Section 4
16 of this Agreement. The cost of the exam shall be borne by the City and shall not affect
17 the cost of the employees' medical insurance. If conditions warrant and the approved
18 physician deems it necessary, additional testing and care may be suggested and
19 performed at the employees' option. As a result of the Wellness Program, if it is found
20 that an employee is not fit for duty because of a medical or emotional problem, he/she
21 shall be given sick leave, vacation, disability and other benefit leaves which he or she is
22 eligible for before adverse personnel action is taken. A mutually agreed upon
23 confidentiality form signed by the physician either authorizing return to work, or denying
24 the employee for medical reasons for return to work or approving return to work with
25 exceptions, will be used by the doctor to notify the City of the employees exam results
26 to protect patient/doctor confidentiality. Blood and urine tests will only be those
27 specified below.

28 Any medical tests performed, in conjunction with the annual physical, should be
29 mutually agreed upon by both parties.

25 At the end of each year, in the month of February, a job related physical ability test will
26 be conducted on-duty during week-day, daylight hours before 1700 hours, and shall
27 consist of job related tasks, and shall be so designed as to measure the proficiency of
28 Firefighters. The yearly test shall consist of the following:

29
30 1. Don a breathing apparatus.
31
32 2. Climb the Aerial Ladder while elevated to 65 feet (at safe recommended
33 climbing angle).
34
35 3. Advance 50 feet of 3 inch hose to the second floor via the stairs (dry rolled
36 or flaked).
37
38 4. Carry the 1 1/2 inch "HI-RISE" kit to the third floor via the stairs (10' of 2"
39 hose and 75' of 1 1/2" hose, one gated Y and one 1 1/2 nozzle).
40
41 5. Advance a 1 1/2 pre-connect 100 feet on a flat surface (advance a dry 1
42 1/2 on a flat surface).
43
44 6. Swim 50 meters in the pool (any style).
45

1 The test will be performed with full bunker gear with the obvious exception of the swim
2

3 Once each evolution is begun, it is to be conducted continuously and without rest until
4 completion. There shall be a 5 minute rest after evolution 2, 3 and 4.

5
6 A re-test shall be taken three months after the first in the event of failure by an
7 employee. If an employee is unable to pass the physical agility test on his/her second
8 try, a final third test will be given within the next three months, or sooner if the employee
9 requests. A medical exam may be required before any re-test if recommended by the
10 Doctor. During re-testing, an employee shall continue to serve on active duty unless
11 medically restricted. At no time will the initial physical agility test be given without first
12 receiving the annual medical exam and authorization by the program's physician
13 (Appendix E). An on-duty Union Representative shall be permitted to be present at all
14 tests. The agility test shall not be given after an emergency response of longer than
15 one hour and at least one hour rest shall be given upon return from any response.

16
17 An employee shall be entitled to postpone the agility test with just cause. At least 72
18 hours advance written notice shall be given to the Union and each employee before the
19 agility test is given.

ARTICLE 45

INSPECTOR/FIRE FIGHTER

1. A Fire Inspector shall be responsible for carrying out assigned inspections and tasks in the field of fire prevention.

2. The Inspector/Fire Fighter shall receive an additional 8% on his/her current Firefighter, Driver or Paramedic base pay.

3. Normal work schedule shall consist of a 40 hour work week (10 hour day during the day light hours, Monday through Saturday) except during approved leave.

4. Vacation benefits shall be as follows:

Upon first anniversary of employment & thereafter	2 work weeks
Upon fifth anniversary and thereafter	3 work weeks
Upon tenth anniversary and thereafter	4 work weeks

All vacation time and sick time earned on shift work and unused when the employee transfers to the day shift shall be converted equitably based on the formula .833 X the number of hours earned on shift work. It is understood that should the day inspector later transfer back to shift work, that this conversion would be based on the formula 1.2 X hours accrued.

5. Funeral Leave - The daytime inspector shall be eligible for up to 40 hours funeral leave.

6. It is understood that the inspector would not be scheduled for shift work or combat duties except for training purposes or in the event of an emergency.

7. City shall pay for any educational expense the City considers necessary for inspector certification and its Continuing Education Credit requirements.

8. The City shall provide one (1) personal day off per year for each Fire Inspector.

9. All other benefits awarded to the Fire Fighter in the IAFF Collective Bargaining Agreement will continue to be in effect unless amended herein this Article.

ARTICLE 46
INSPECTOR LIEUTENANT

1. The Fire Inspector/Lieutenant pay scale shall be 8% above the Lieutenant pay scale.

2. Normal work schedule shall consist of a 40 hour work week (10 hour day during the day light hours, Monday through Saturday) except during approved leave.

3. Vacation benefits shall be as follows.

Upon first anniversary of employment

& thereafter 2 work weeks

Upon fifth anniversary and thereafter 3 work weeks

Upon tenth anniversary and thereafter 4 work weeks

16 All vacation time and sick time earned on shift work and unused when the employee
17 transfers to the day shift shall be converted equitably based on the formula .833 X the
18 number of hours earned on shift work. It is understood that should the day inspector
19 later transfer back to shift work, that this vacation conversion would be based on the
20 formula 1.2 X hours accrued.

4. Funeral Leave - The daytime inspector shall be eligible for up to 40 hours funeral leave.

5. It is understood that the inspector would not be scheduled for shift work or combat duties except for training purposes or in the event of an emergency.

6. City shall pay for any educational expense necessary for inspector certification.

7. The Lieutenant's promotional exam will be broken into two lists, one for Lieutenant and one for Lieutenant Fire Inspector. An employee may choose to be on one or both lists. Placement on a list will be based on test scores.

8. All other benefits awarded to the Fire Lieutenants in the IAFF Collective Bargaining Agreement will continue to be in effect unless amended herein this Article.

38 9. City shall provide one (1) personal day off per year for each Fire
39 Inspector.

ARTICLE 47

DRUG TESTING

1: The City may require any employee to submit to a drug or alcohol test when it has a reasonable suspicion that the employee to be tested is under the influence of or using illegal drugs, narcotics, or alcohol. The term "reasonable suspicion", for the purposes of this policy, shall be defined as follows:

(A) Aberrant or unusual on-duty behavior of an employee.

(B) Behavior which is a recognized and accepted symptom(s) of intoxication or impairment caused by controlled substances.

(C) The behavior is not reasonably explained as resulting from causes other than the use of controlled substances.

2. Behavior described in paragraphs A, B and C above must be personally observed by an employee's immediate supervisor, other supervisor reporting the behavior or two (2) co-workers, regardless of rank. The employee will be offered an opportunity to offer explanation to the recommending supervisor prior to being ordered to take the drug test. No drug testing will be conducted without the written approval of the Department Head or his designee and either the Manager or his/her designee. Said approval shall indicate who is to be tested and why the test was ordered, including the specific objective fact constituting reasonable suspicion. A copy of this document shall be provided to the employee.

3. Refusal to submit to drug testing pursuant to the procedures outlined in this Article after being ordered to do so may result in disciplinary action, up to and including termination.

4. The following procedures shall apply to the blood and urine tests administered to employees:

(A) The City may request urine and/or blood samples. The employee may, at his sole option and expense, upon request receive a blood test in addition to a urine test if none was ordered.

(B) The test shall be performed at a reputable hospital or laboratory certified by the State of Florida as a medical laboratory, which complies with the scientific and technical guidelines for federal drug testing programs and the standards for certification of laboratories engaged in urine drug testing for federal agencies issued by the Alcohol, Drug Abuse and Mental Health Administration of the U.S. Department of Health and Human Services and comply with applicable Florida Statutes.

(C) Urine and/or blood specimens shall be drawn or collected at a laboratory, hospital, doctor's office or medical facility. A union representative shall be allowed to accompany the employee, if requested, to the test and observe the collection of the specimen. If the City or the laboratory requires an observer when the urine specimen is given, the observer shall be of the same sex as the employee being tested. All specimen containers and vials shall be sealed with evidence tape and labeled in the presence of the employee and the union representative, if available.

(D) At the time the urine specimen or blood samples are collected, two samples shall be taken. In the event that an employee's test results are positive, a second test using the second sample, different from the first may be conducted at a laboratory of the employee's choosing at the employee's option and expense to verify the results. If the second test is negative, the employee will be reimbursed by the City for the cost of the second test. The failure of the Union or the employee to have a second test performed or present the results to the City shall not be used against the employee as a basis for discipline and shall not be introduced or referred to in any arbitration or appeal proceeding. After considering the results of the second test, if any, the City may take such disciplinary action as is appropriate pursuant to this agreement. Such disciplinary action may include referral to a substance abuse program or Employee Assistance Program for Assessment, counseling and referral for treatment and rehabilitation as appropriate.

(E) The results of urine and blood tests performed hereunder will be held confidential to the extent permitted by law. Tests shall be performed for the presence of alcohol, non-prescribed controlled substances, chemical adulteration and/or narcotic drugs.

(F) Tests shall be conducted using recognized technologies and recognized testing standards. The following standards shall be used to determine what level of detected substances shall be considered as positive on urine specimens:

31	32	DRUG	SCREENING TEST	CONFIRMATION
33	34	Amphetamines	1000 ng/mL	500 ng/mL
35	36	Barbiturates	300 ng/mL	150 ng/mL
37	38	Benzodiazepines	300 ng/mL	150 ng/mL
39	40	Cocaine	300 ng/mL	150 ng/mL
41	42	Cannabinoids (Marijuana)	50 ng/mL	15 ng/mL
43	44	Methadone	300 ng/mL	150 ng/mL
		Methaqualone	300 ng/mL	150 ng/mL
		Opiates	2000 ng/mL	2000 ng/mL
		Phenecyclidine	25 ng/mL	25 ng/mL
		Propoxyphene	300 ng/mL	150 ng/mL
		Alcohol (Ethanol)	0.04g/dl	0.04g/dl (blood specimen)

1 Minimum cutoff detection levels for drugs or their metabolites for the purposes of
2 determining a positive test result will be the same as those set by the Agency for Health
3 Care Administration. As those levels change so will the levels in this contract. Levels
4 found below those set above shall be determined as negative indicators.

5
6
7 Levels which are below those set above shall be determined as negative indicators.
8 Tests for other non-prescribed controlled substances will be in accordance with federal
9 government screening and confirmation standards.

10
11 (G) The employee shall be presented with a copy of the laboratory report of all
12 specimens which were tested.

13
14 (H) At the conclusion of the drug testing, in the event a positive test is
15 indicated and disciplinary action is taken, the employee may grieve such discipline
16 through the contractual grievance arbitration procedure.

17
18 (I) Employees who seek voluntary assistance for alcohol and substance
19 abuse through the Employee Assistance Program may not be disciplined for seeking
20 such assistance. Request from employees for such assistance shall remain
21 confidential to the employees or officers without the employee's consent. Employees
22 enrolled in substance abuse programs as outpatients, shall be subject to all City rules,
23 regulations and job performance standards.

ARTICLE 48

INFECTIOUS DISEASES

3 Any condition or impairment of health caused by Hepatitis A or B or tuberculosis as
4 defined by the U.S. Public Health Service contracted after January 1, 1993 shall be
5 presumed to have been accidental and to have been suffered in the line of duty, this
6 presumption being rebuttable. The employee shall be presumed to be totally disabled
7 from the duties of a firefighter while diagnosed as having such a disease. An employee
8 claiming condition or impairment under this Article shall provide to the City a medical
9 authorization waiving the physician/patient confidentiality relating to the claimed
10 condition or impairment. If the employee claiming hereunder refuses to supply the
11 medical authorization referred to above, then the claimed condition or impairment shall
12 not be presumed to have been incurred in the line of duty.

13
14 The presumptions contained in this Article and in Florida Statute 112.18 shall not apply
15 to Bargaining Unit members who, after February 1, 1993, engage in outside activity,
16 except those activities authorized by the City, of an emergency hazardous nature, such
17 as EMS, firefighting (volunteer or otherwise), ambulance transport, hospital trauma or
18 other outside employment involving exposure to tuberculosis or Hepatitis A and B or the
19 handling of hazardous materials in quarantines or with concentrations in excess of
20 those normally found in the home.

21
22 The City may administer base-line tests for tuberculosis and Hepatitis A and B to
23 bargaining unit members.
